

Updated Feb. 14, 2023

Please do not go to St. Michael's Medical Center Emergency Department or any other Emergency Department for routine COVID-19 testing.

- **The facilities listed below have reported that they provide COVID-19 testing.** For more information on different COVID-19 test types, please click [here](#).
- **Please call or visit provider websites for more information on the type(s) of tests they offer** and to answer any other questions you might have. Confirm your eligibility with the provider.
- **If you are seeking a COVID-19 test to meet requirements for travel, events, or employment,** confirm with the testing provider that the services they offer will meet your specific needs. Travel testing providers are listed on page 4.

If you are a healthcare provider and you have questions about this list or would like to request a change, please email pio@kitsappublichealth.org.

Updated Sept. 22, 2022

For Travel: People who need testing for travel should contact their travel provider (e.g., Delta, Hawaiian Airlines, etc.) and check with their destination to ensure the test they choose meets requirements. You can also visit travel.state.gov.

For Events: People who need testing for live events should confirm with event organizers to ensure the test they choose meets the event requirements. Please call or visit their websites for more information.

The Kitsap Public Health District is not responsible for verifying that testing options will meet specific requirements for travel or events. If you need testing because you have symptoms of COVID-19 or were exposed to someone with COVID-19, see our list of [Kitsap County testing providers](#) for additional testing options. If you are a testing provider and want your facility to be added or removed from this list, please email pio@kitsappublichealth.org.
